- Good time management
- Good written communication
- Friendly
- Organized
- Desire to learn and improve
- Self motivated

Work and Life Experience

June 2017 - October 2020

Close to Home Grocery and Deli

- **Cashier-** Close to Home is a small store, and as a result I prided myself in knowing the majority of our customers by name. I value creating an environment where people feel known and welcomed. Additionally as a cashier at a small location, we were also customer service. I gained lots of exposure to dealing with customers and solving problems in an appropriate way.
- **Stocker-** Part of my weekly duties was to receive orders and to stock the shelves. As I became more efficient in my duties, I also took on the responsibility of placing orders for specific departments of the store.
- **Deli-** I am very motivated to learn new skills and to add value to my workplace. My employer was in desperate need for an extra employee in the deli, and I offered to get my Food Safe and to take on deli shifts in the evenings. Eventually, my Food Safe training allowed me to transition to the morning baker when another employee gave her notice. The deli is very quick paced and I demonstrated the ability to remain calm and collected while working on multiple tasks at once.

September 2018 - March 2019

Youth With A Mission - *Discipleship Training School*

After I graduated, I travelled alone to Costa Rica, where I lived for six months. I was part of a team that ventured into communities in the mountains of Costa Rica. We assisted with humanitarian projects and put on activities for the children of these communities.

March 2016, March 2018, March 2020

Humanitarian Trip to Guatemala

I have had the privilege of going on three humanitarian trips to Guatemala, two while in high school, and one alone after I graduated. The first two trips, my team and I went with the purpose of building schools in communities without one, and the last trip I visited a home called "Restoration Home." Guatemala has a very special place in my heart, and I plan on going back in future years.

January 2018

TEDx Chilliwack Talk

Although I didn't make the final cut for TEDx 2018, I did make it to the showcase night where I had the chance of speaking in front of a panel of judges and an audience. After my first trip to Guatemala, I was compelled to speak about the difference a school can make in an impoverished community, and how it can break the cycle of poverty.

Education

Graded in 2018

Highroad Academy - Dogwood Diploma

I graduated highschool with "A honours," placing first academically in my class. I was involved in Student leadership throughout my entire highschool experience, and took charge of scheduling myself, and fellow students to serve in our school and community.

September 2019 - Present

University of the Fraser Valley - Working towards a Bachelor of Arts in Psychology

I am currently pursuing a Bachelor of Arts in Psychology at UFV. With my degree, I plan on counseling, or pursuing my Masters in Psychology and using my knowledge to do assessments on kids.

August 2017

First Aid, CPR, and AED Certification

July 2019

Food Safe Level 1 Certification

Awards

June 2018

Ministry of Education - Academic Scholarship

June 2018

District Dogwood Authority Award - Service Scholarship
